

Create Your Own Mask

Beaver Mask

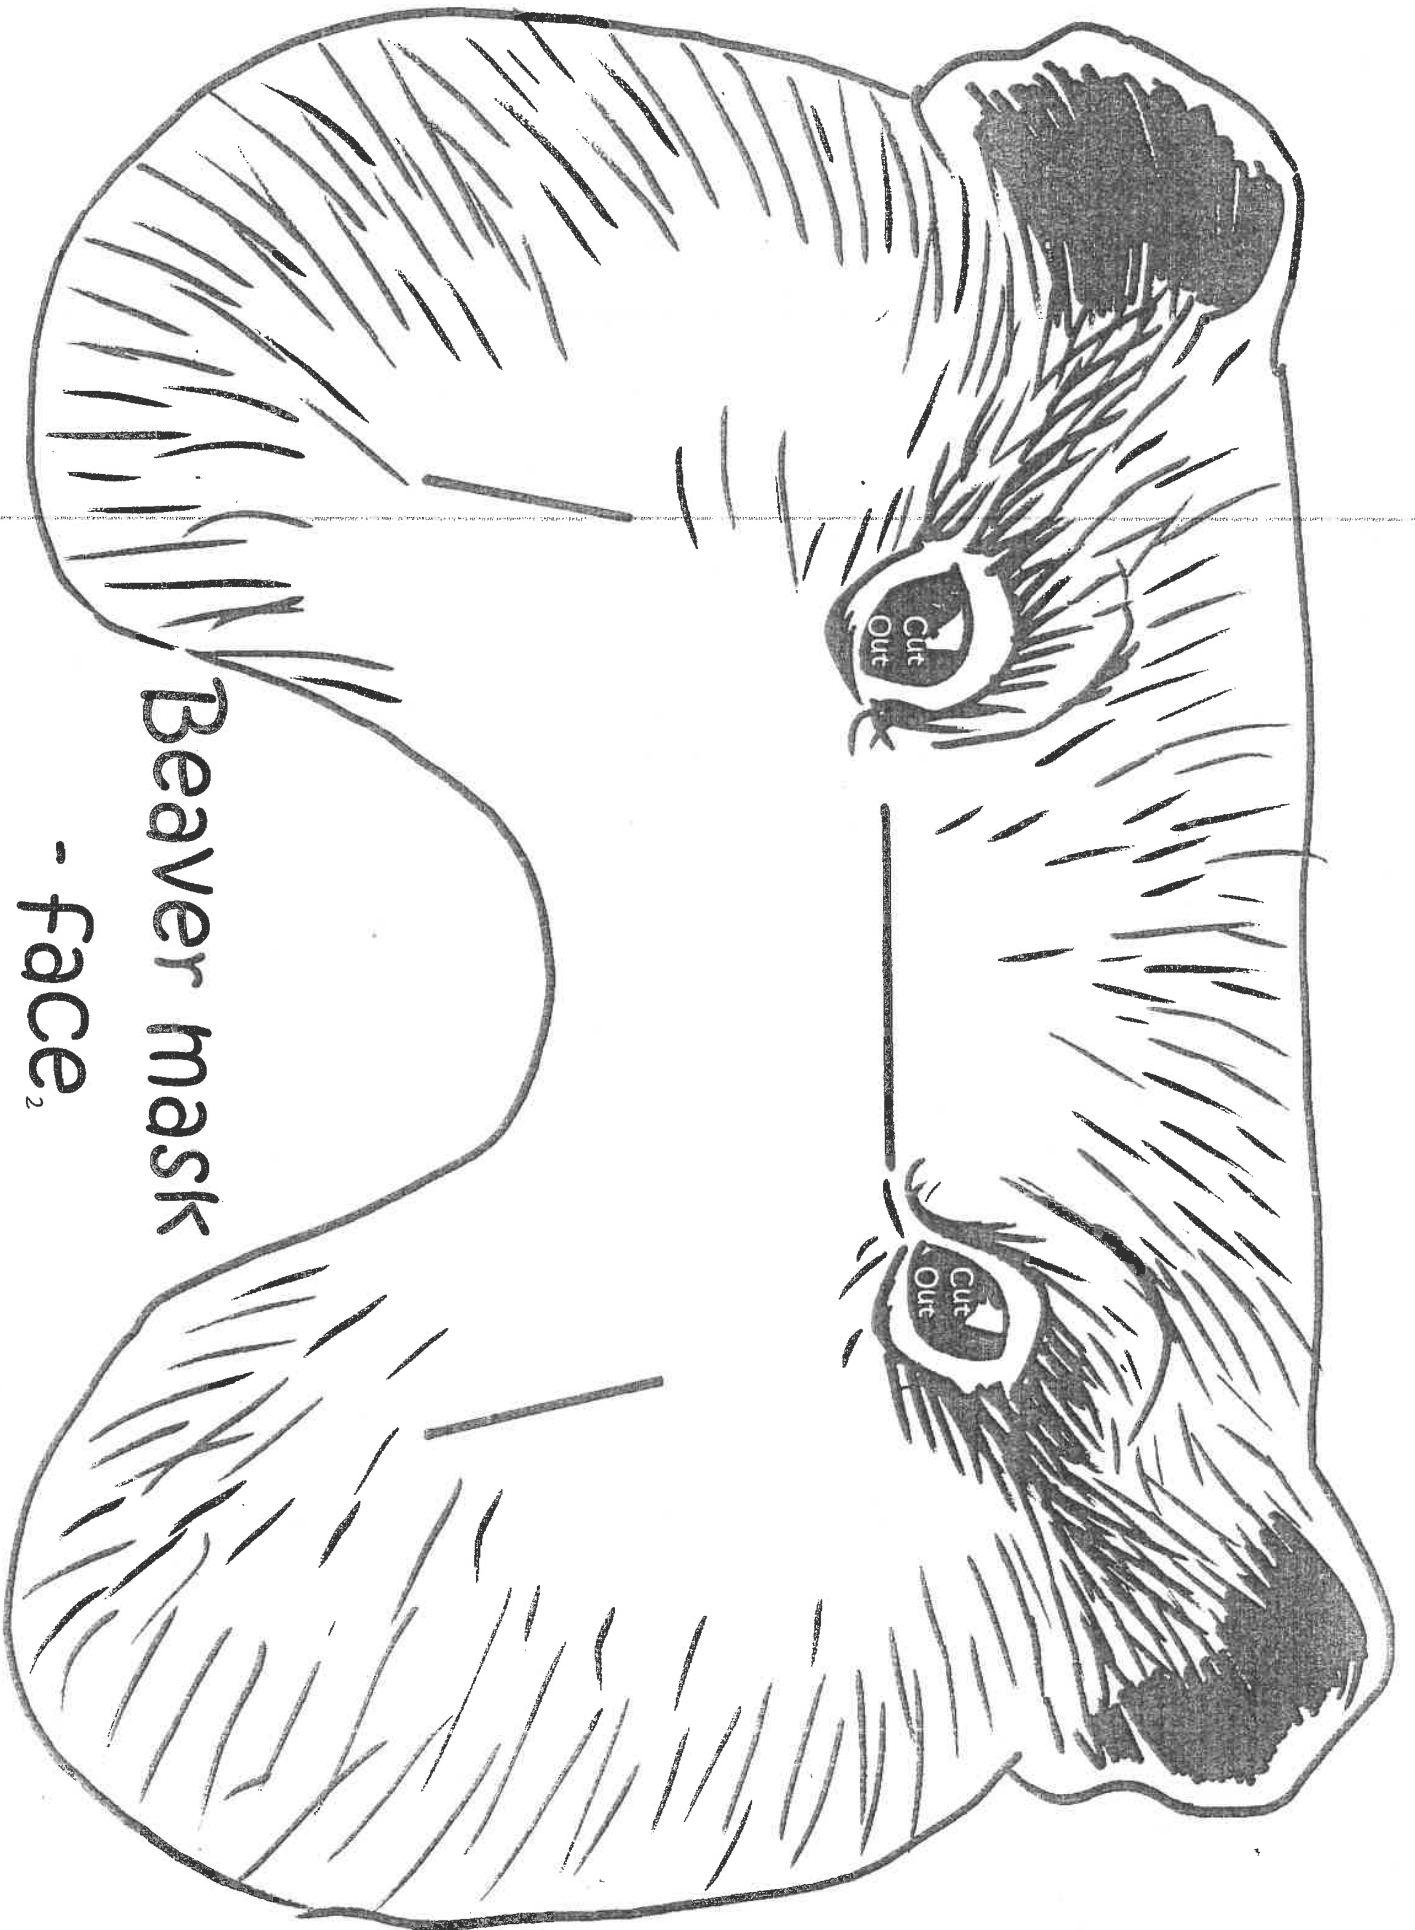

Beaver mask

- muzzle

Pull teeth together and
line them up at the
bottom. Tape nose on top.

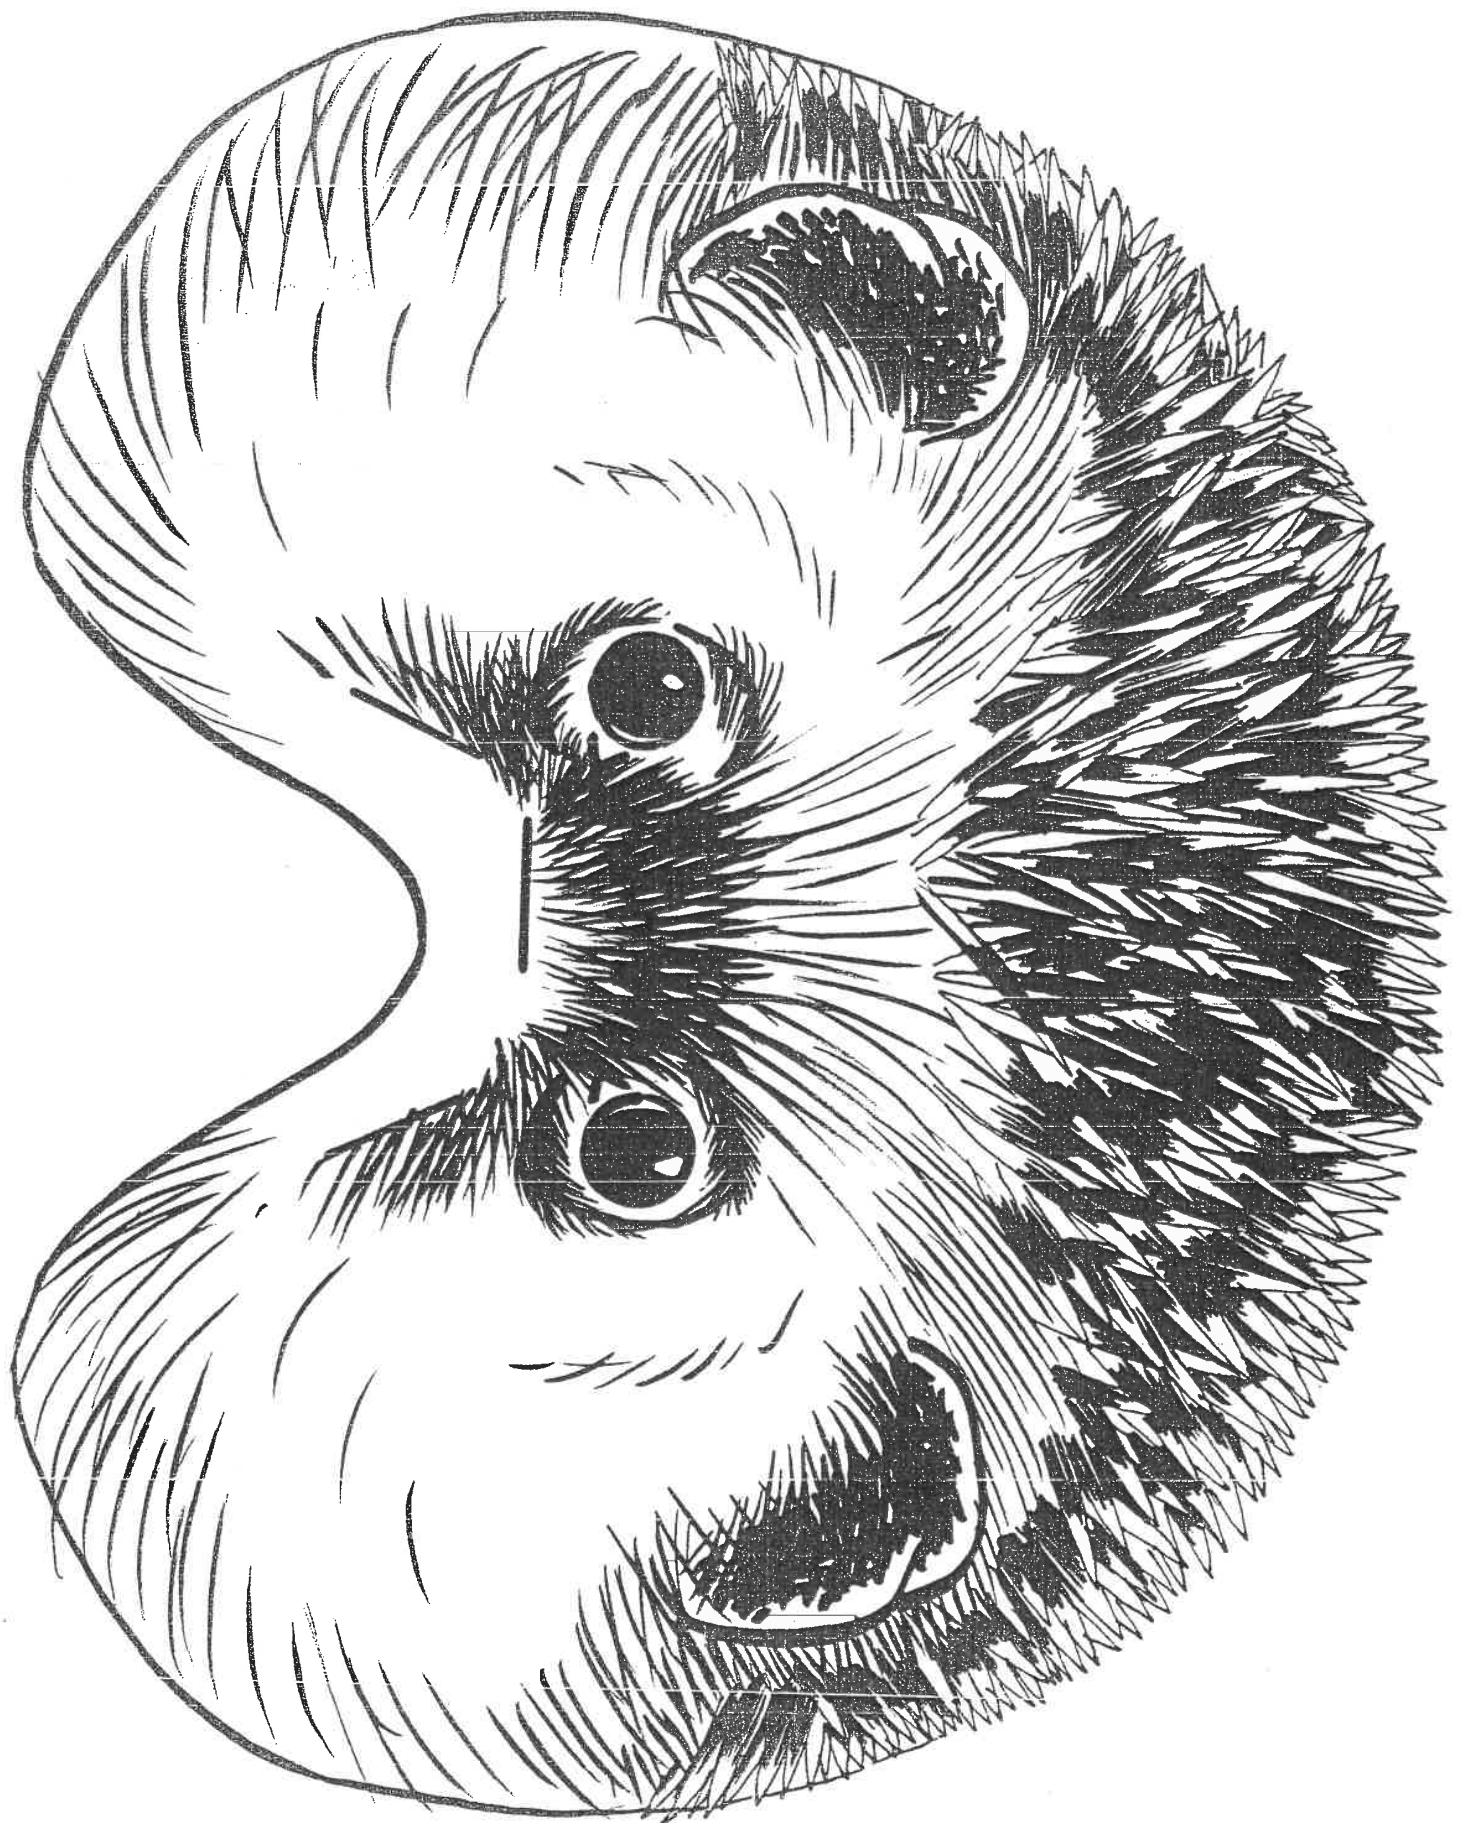

Cut round tabs. Insert
into slots on face and
tape on reverse.

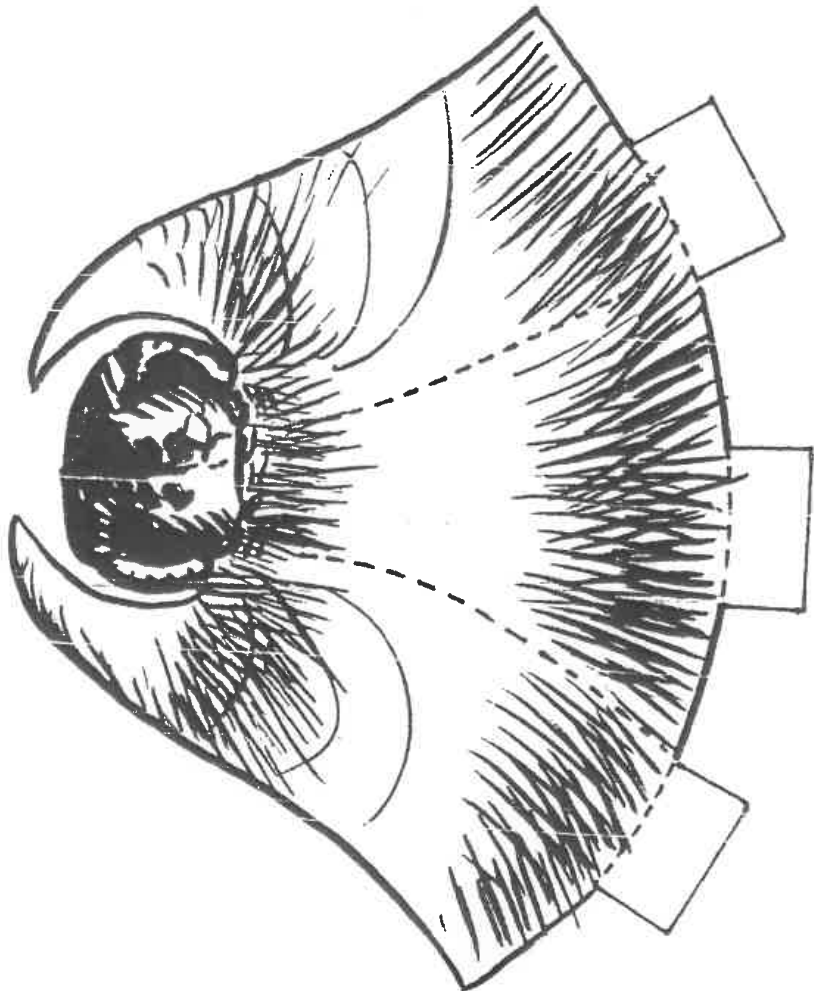

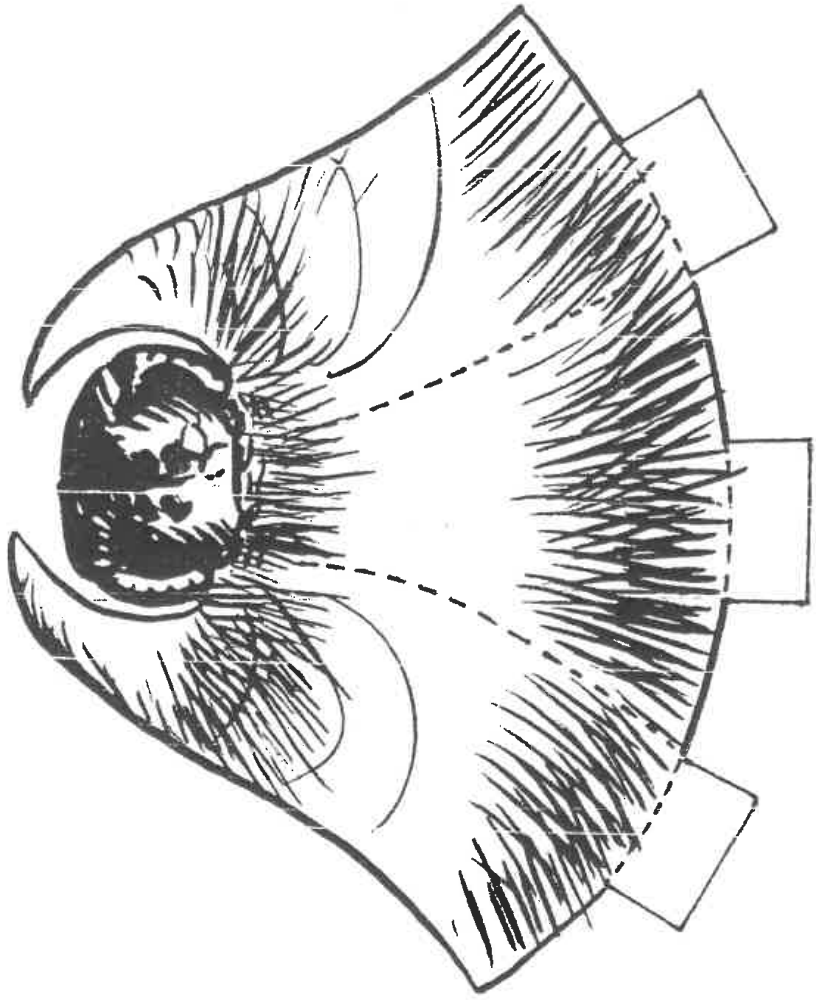

Beaver mask

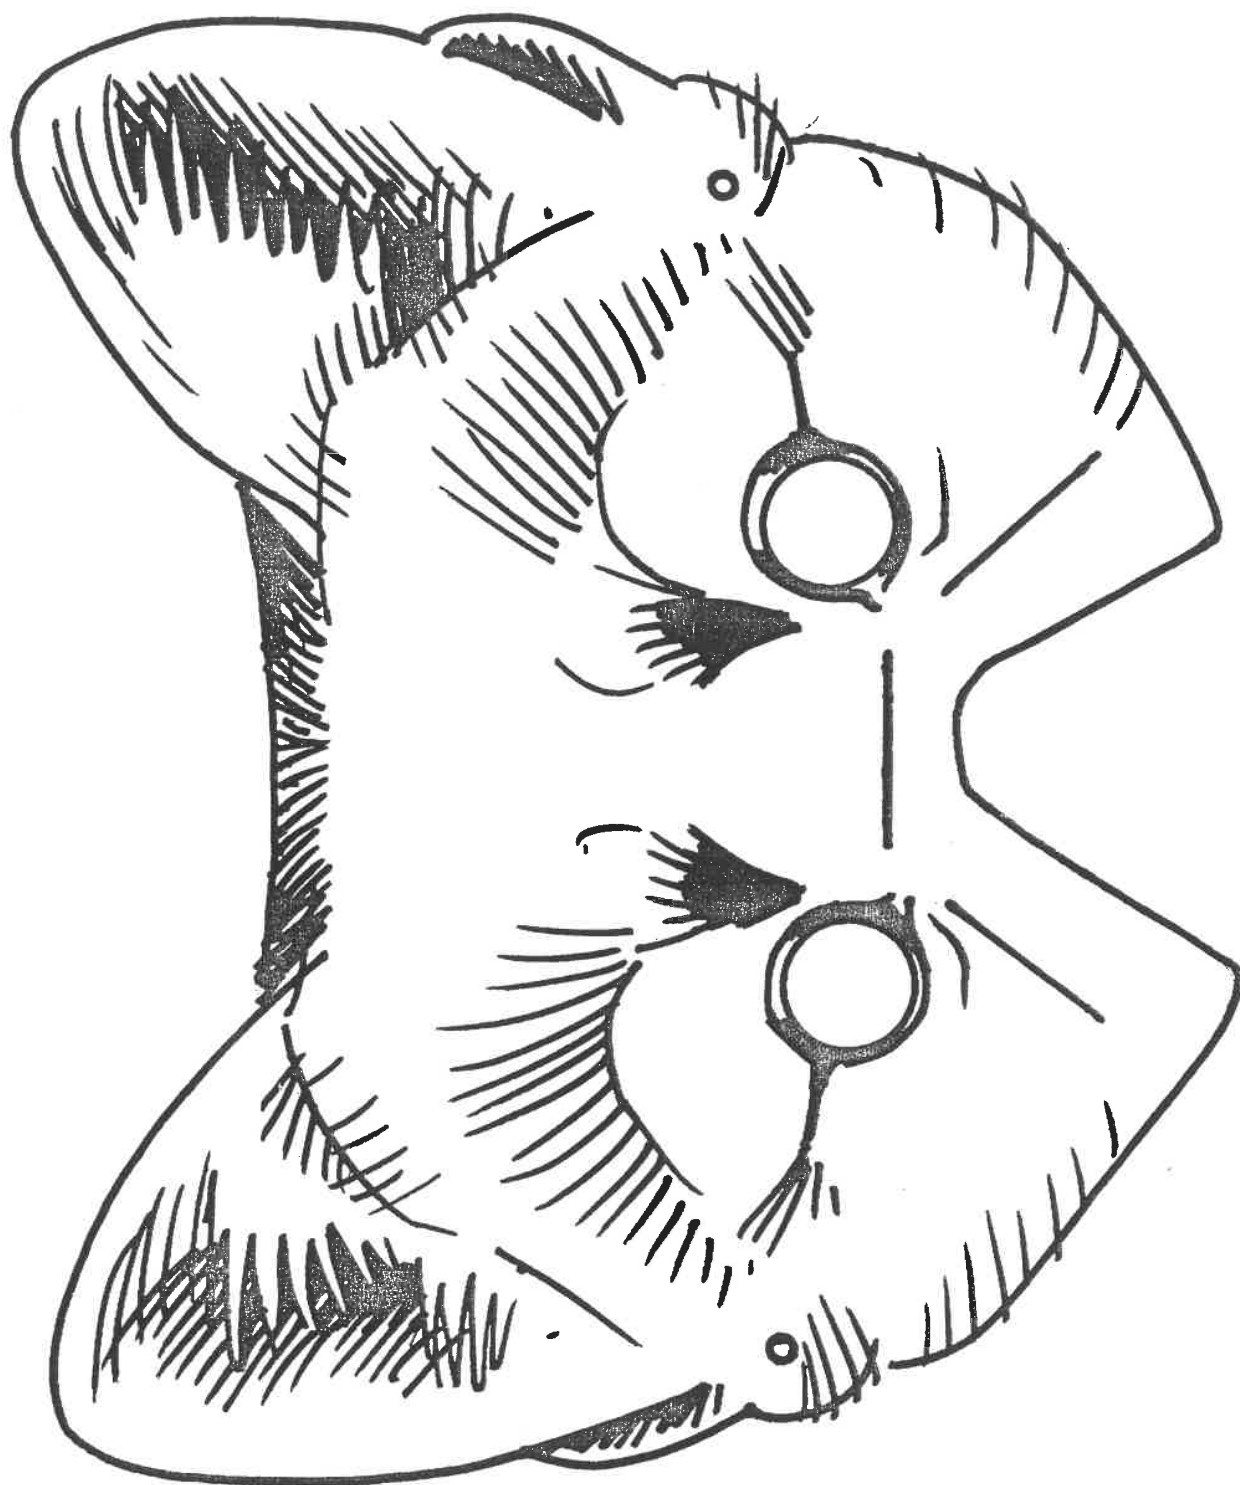

- face₂

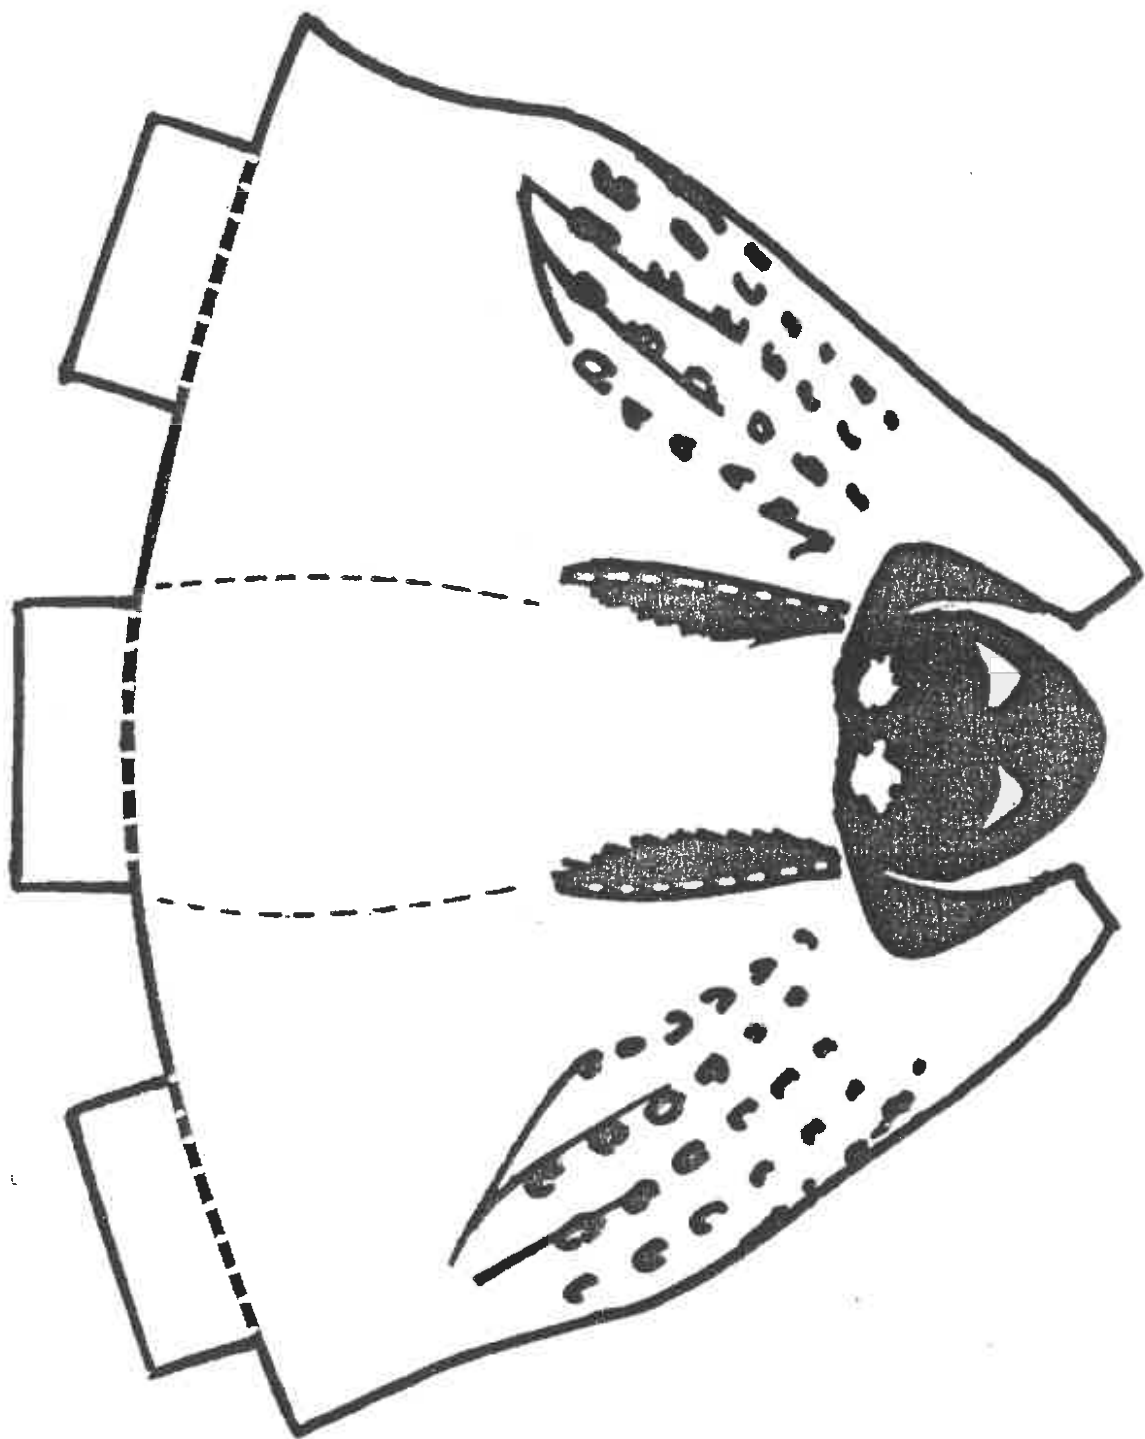

Hedgehog Mask

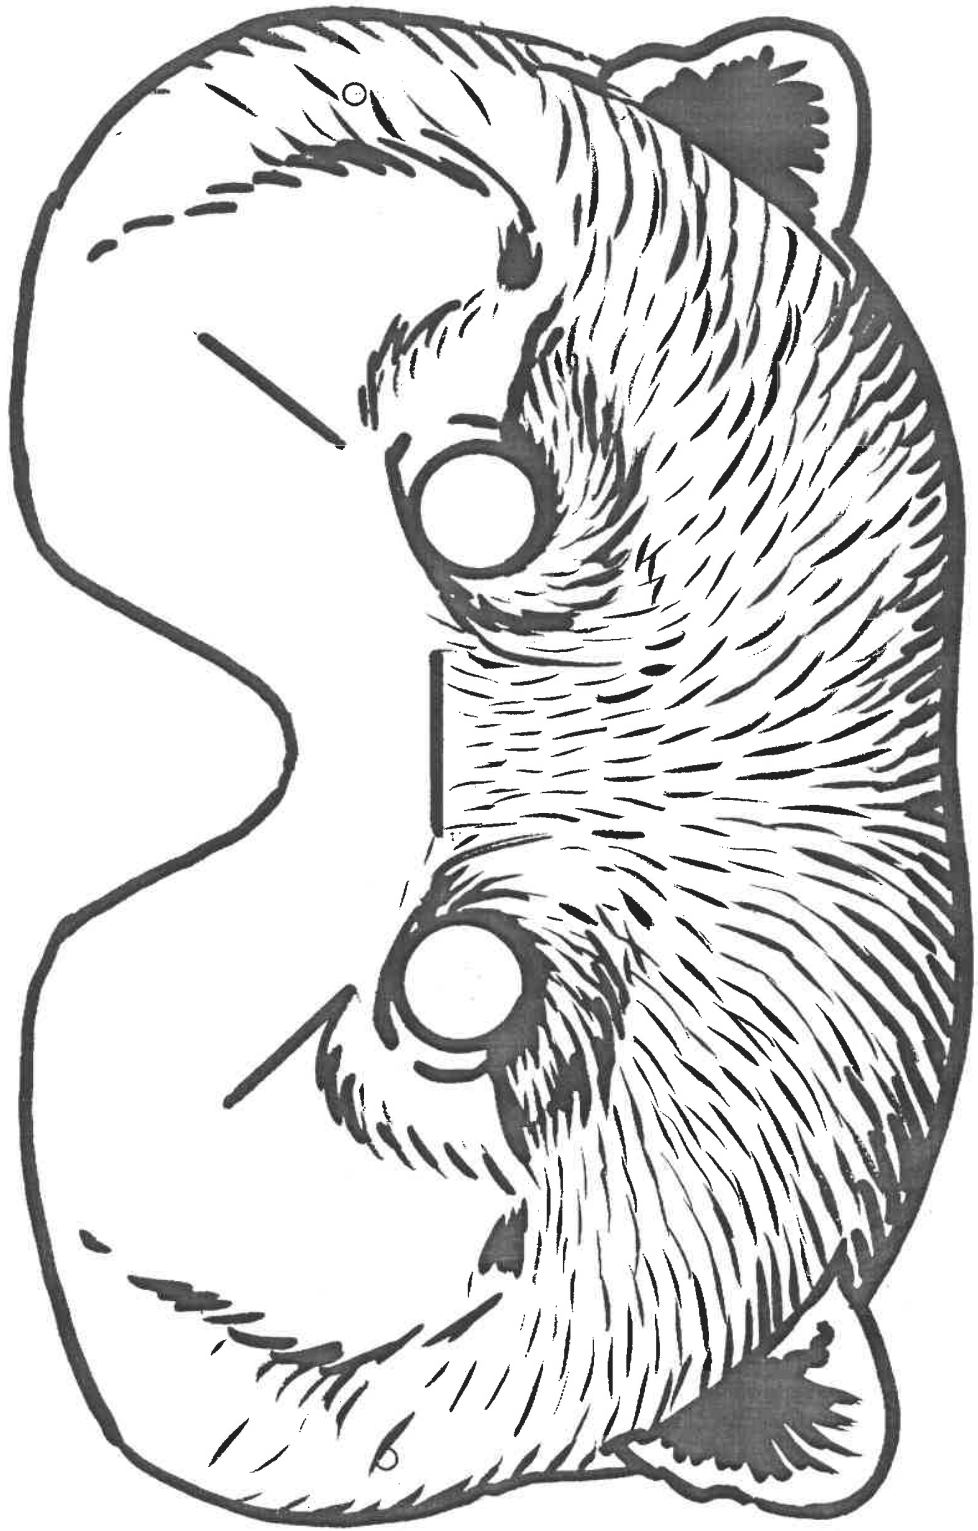

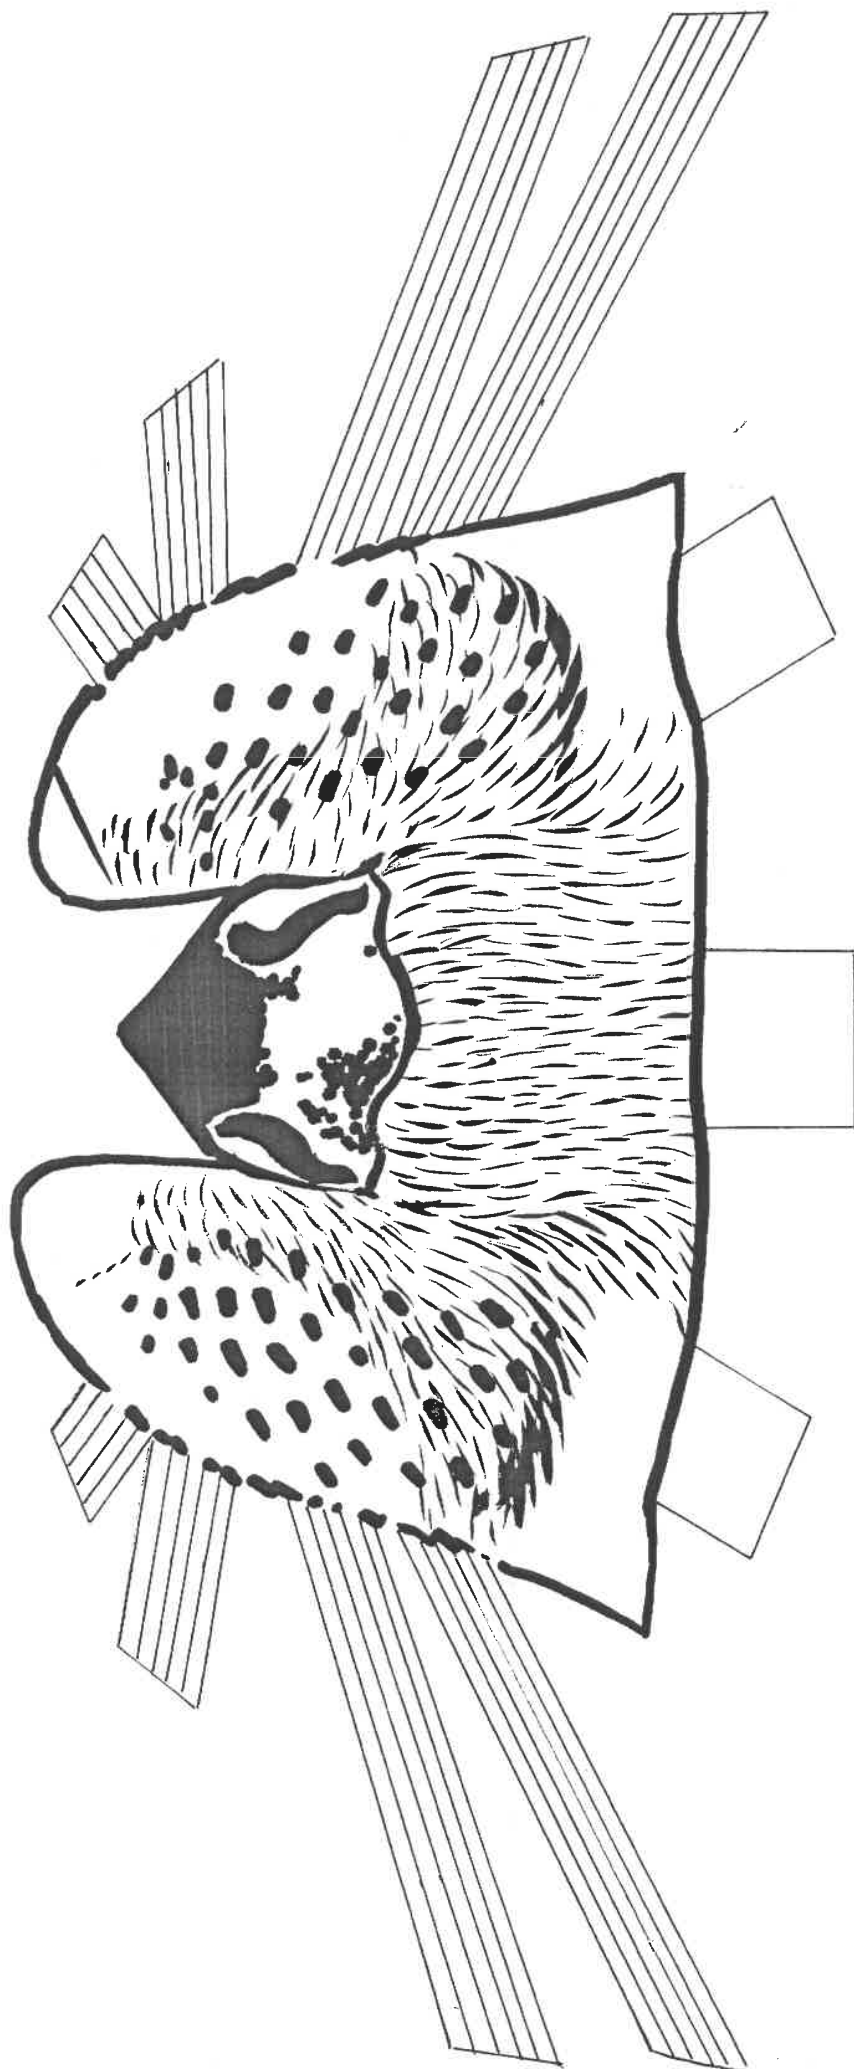

Pine Marten Mask

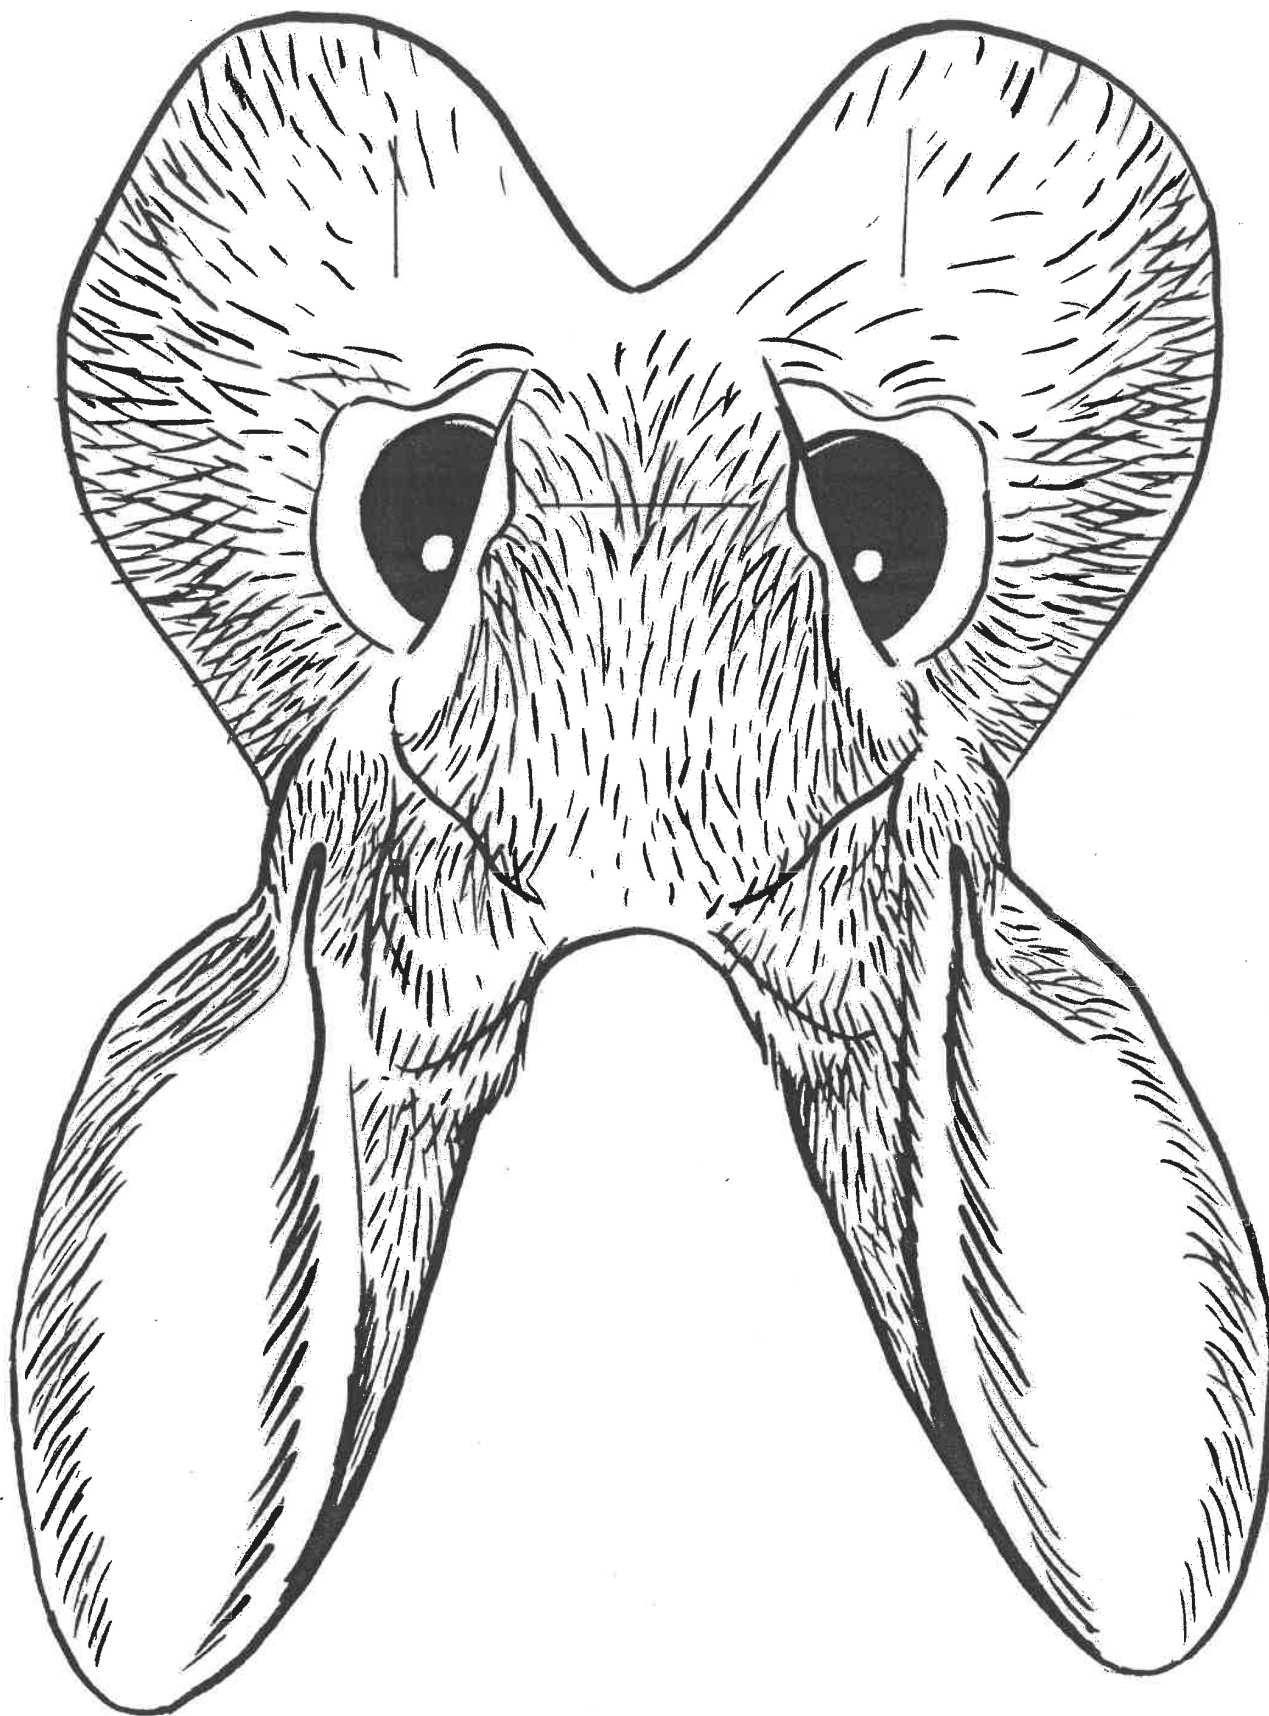

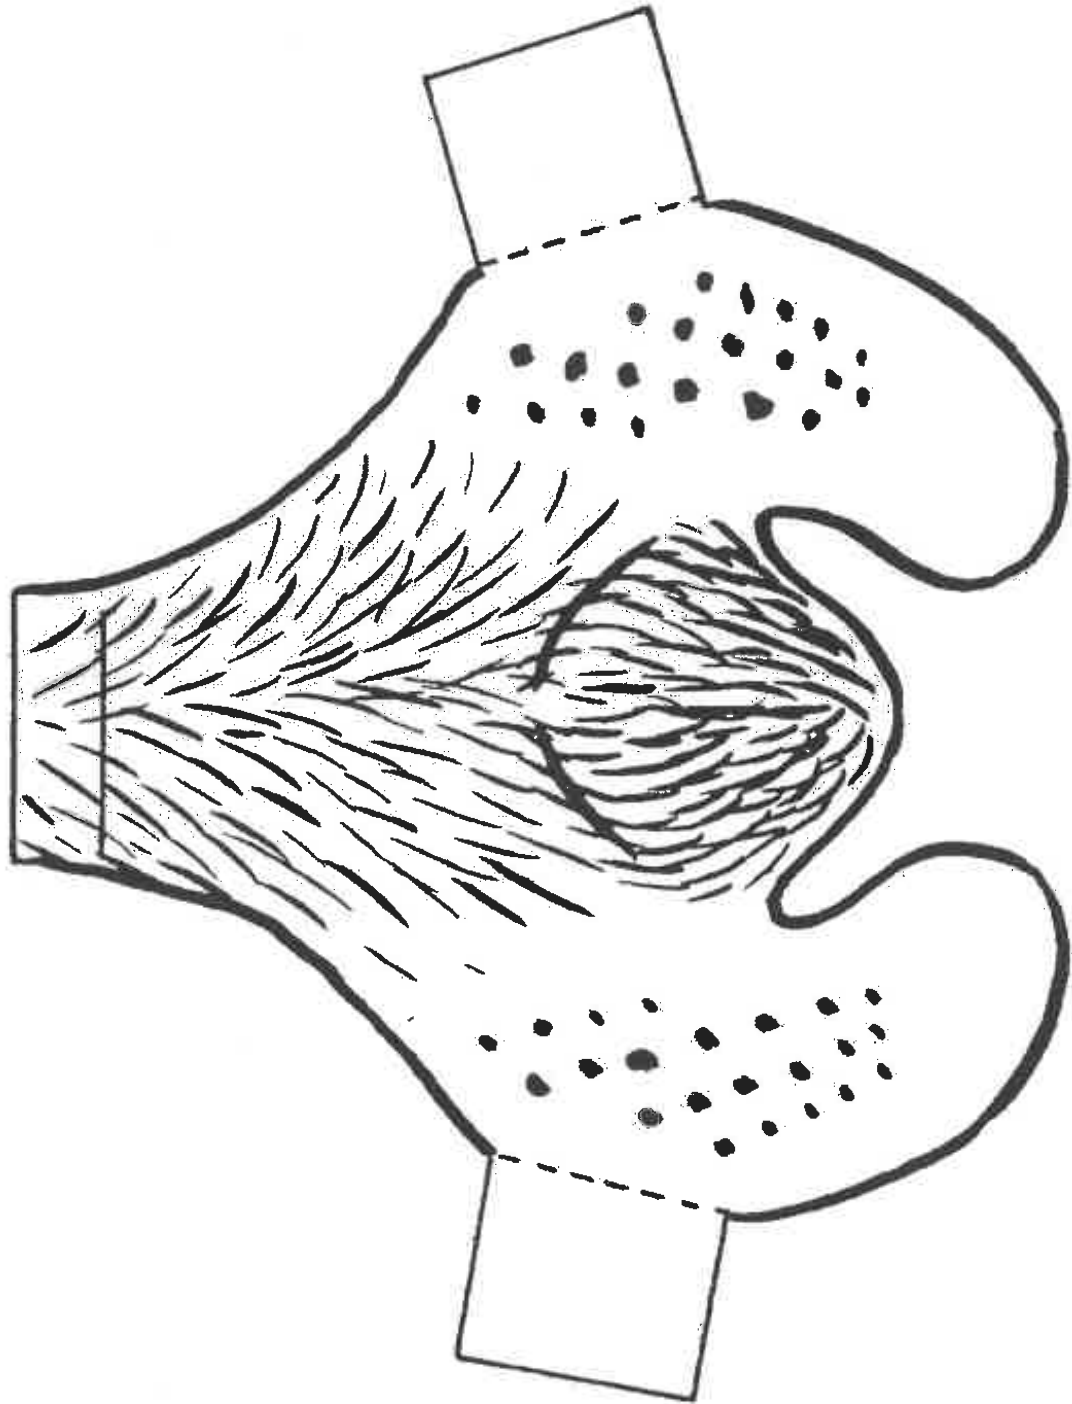

Otter Mask

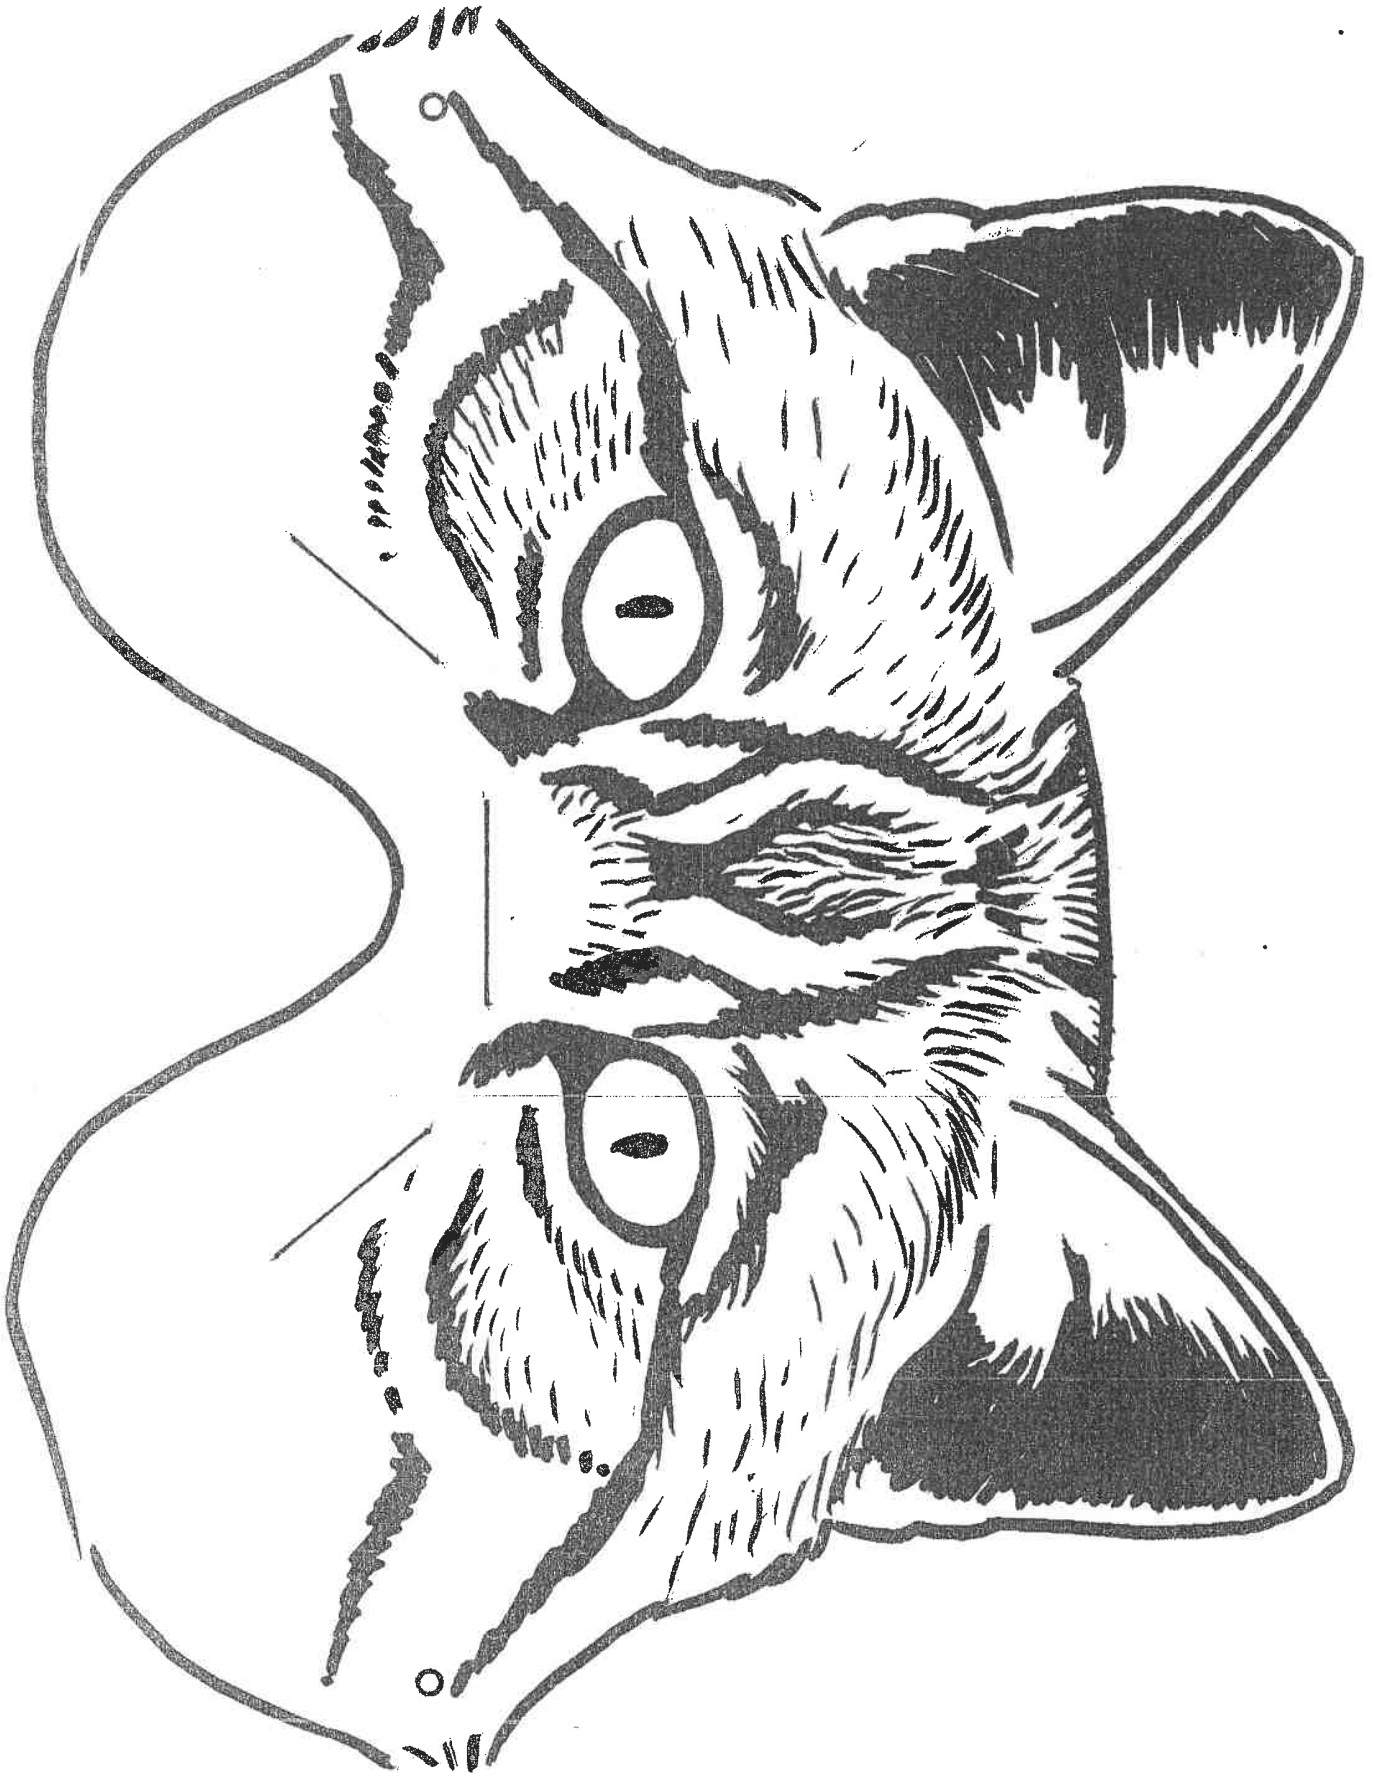

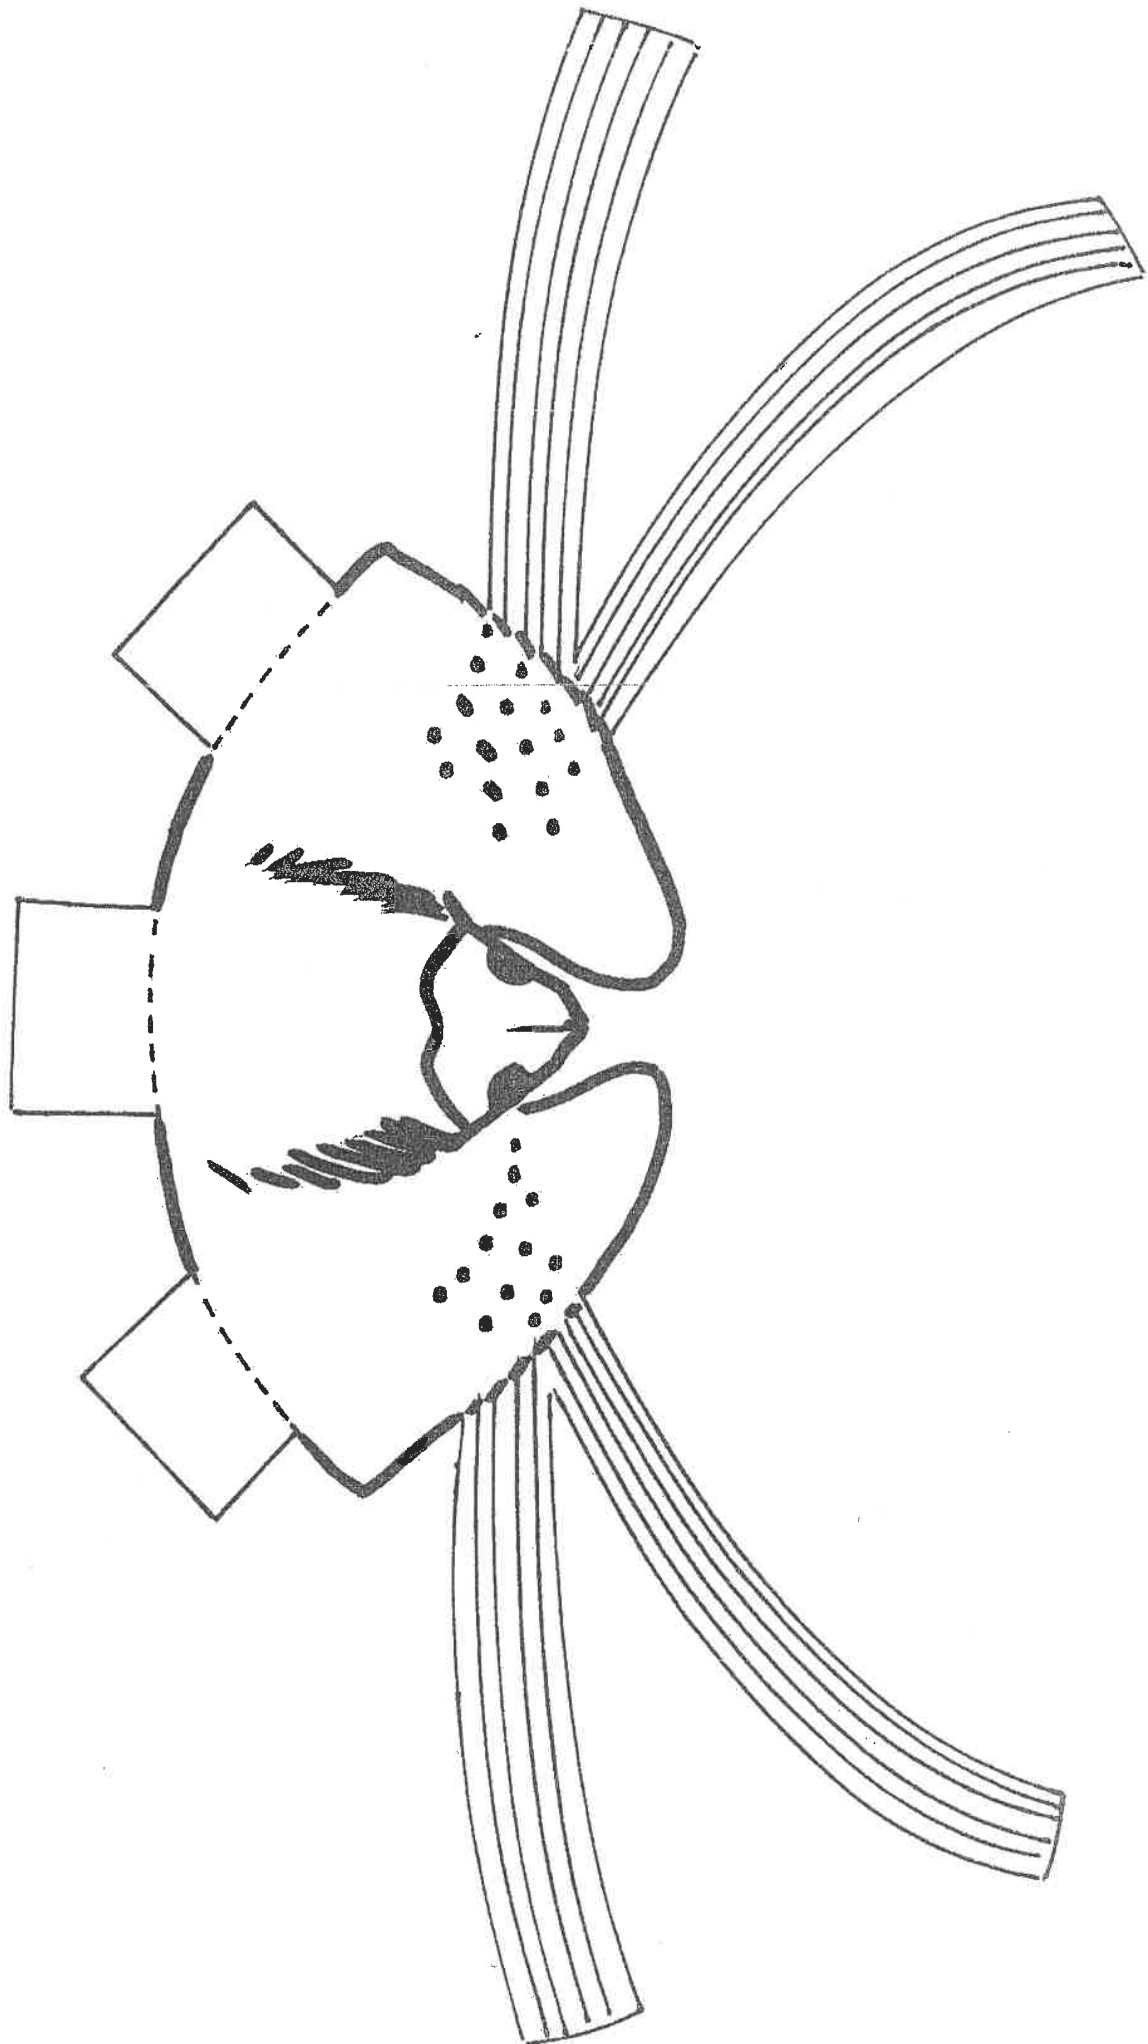

Rabbit Mask

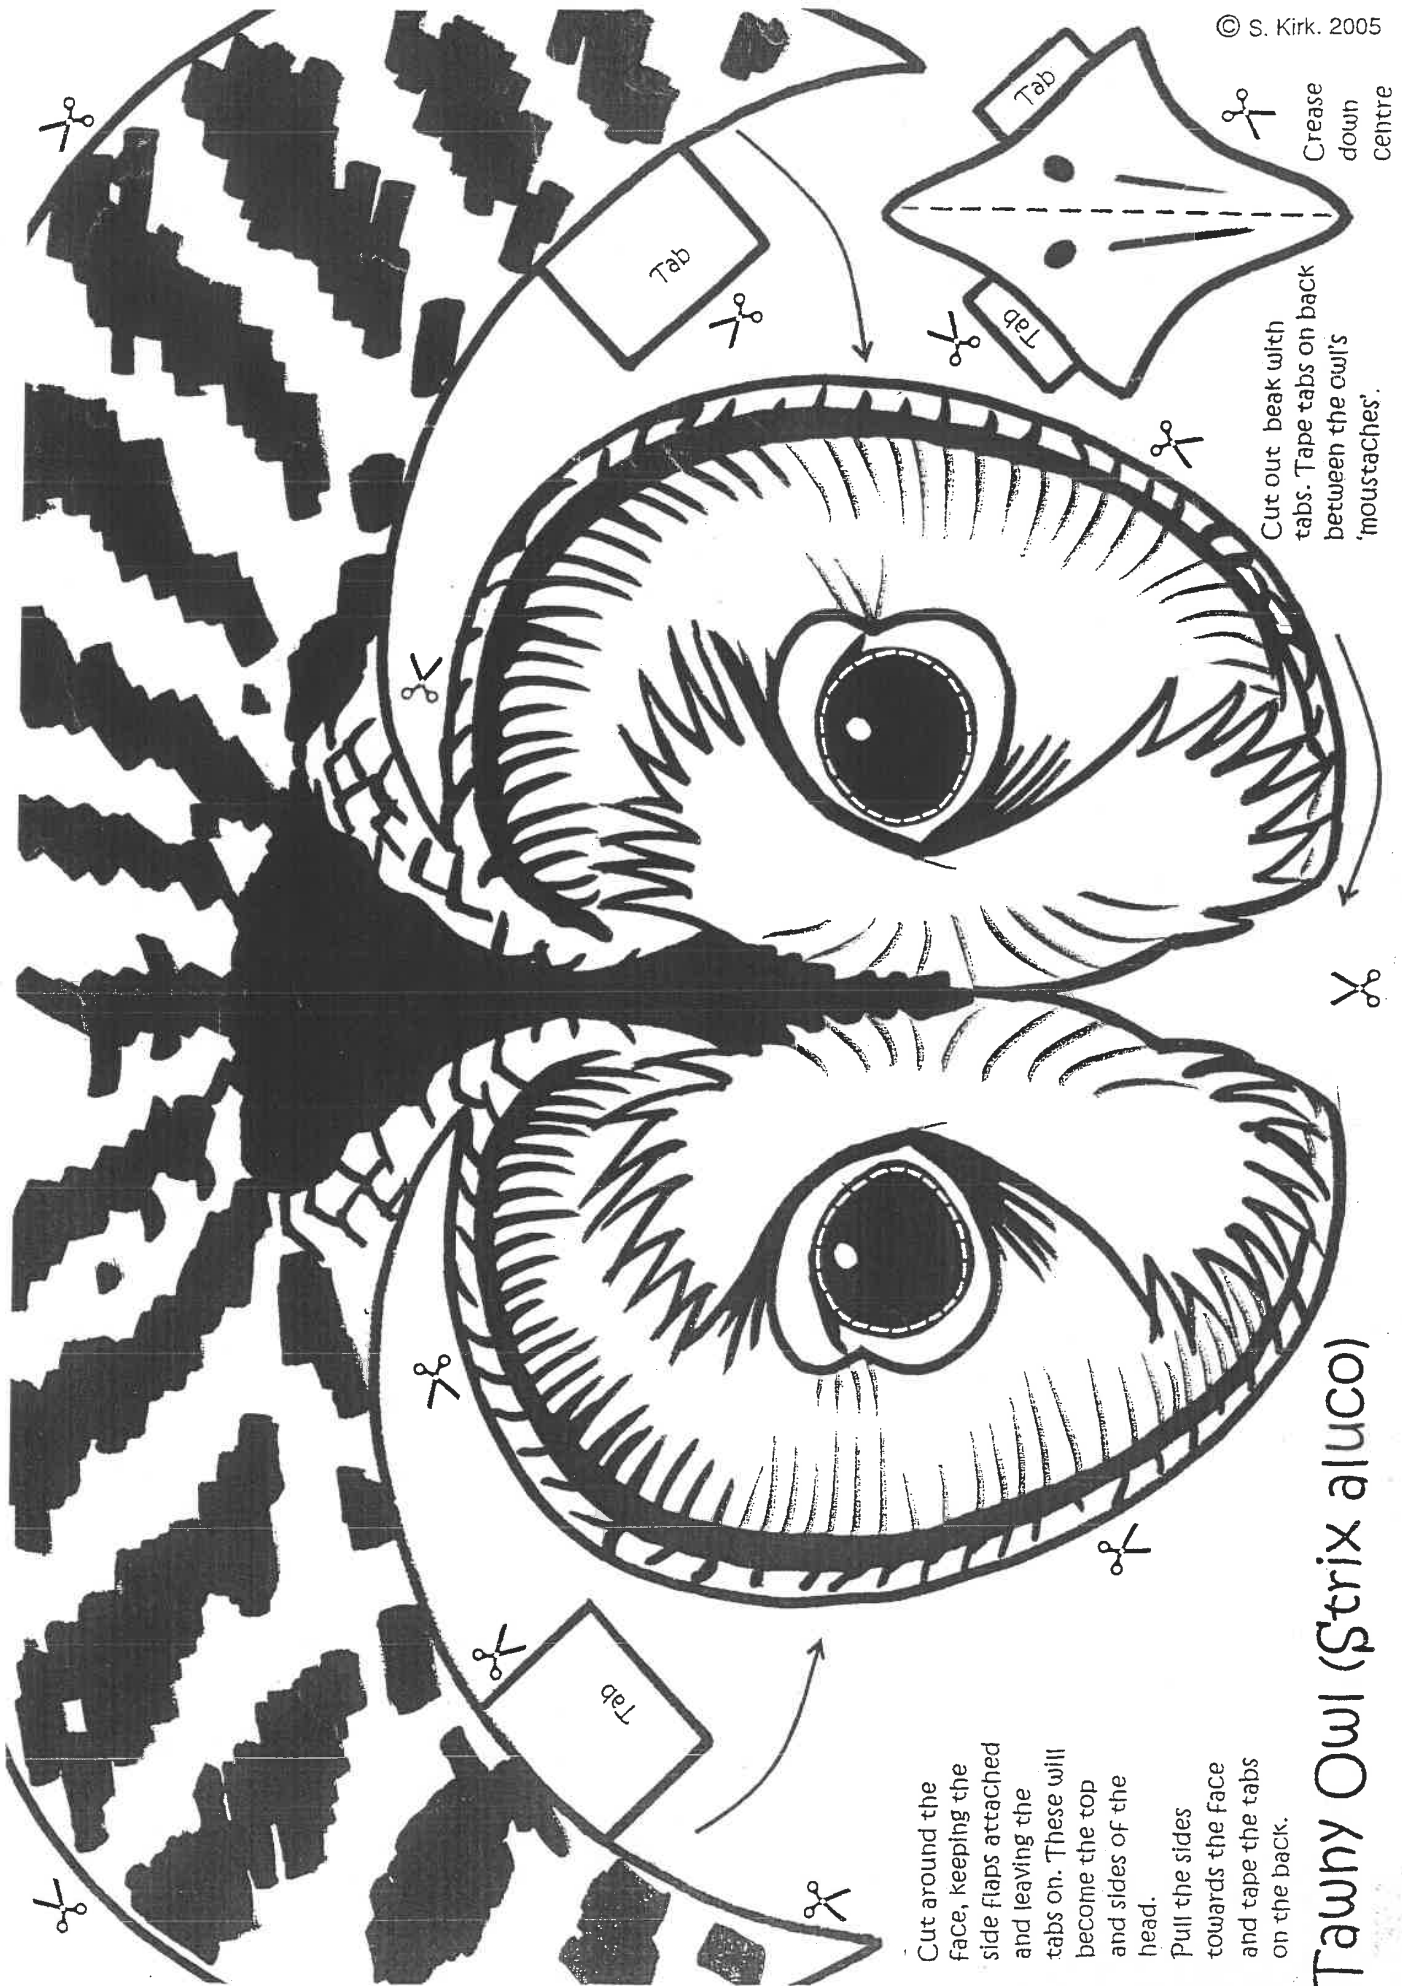

Wildcat Mask

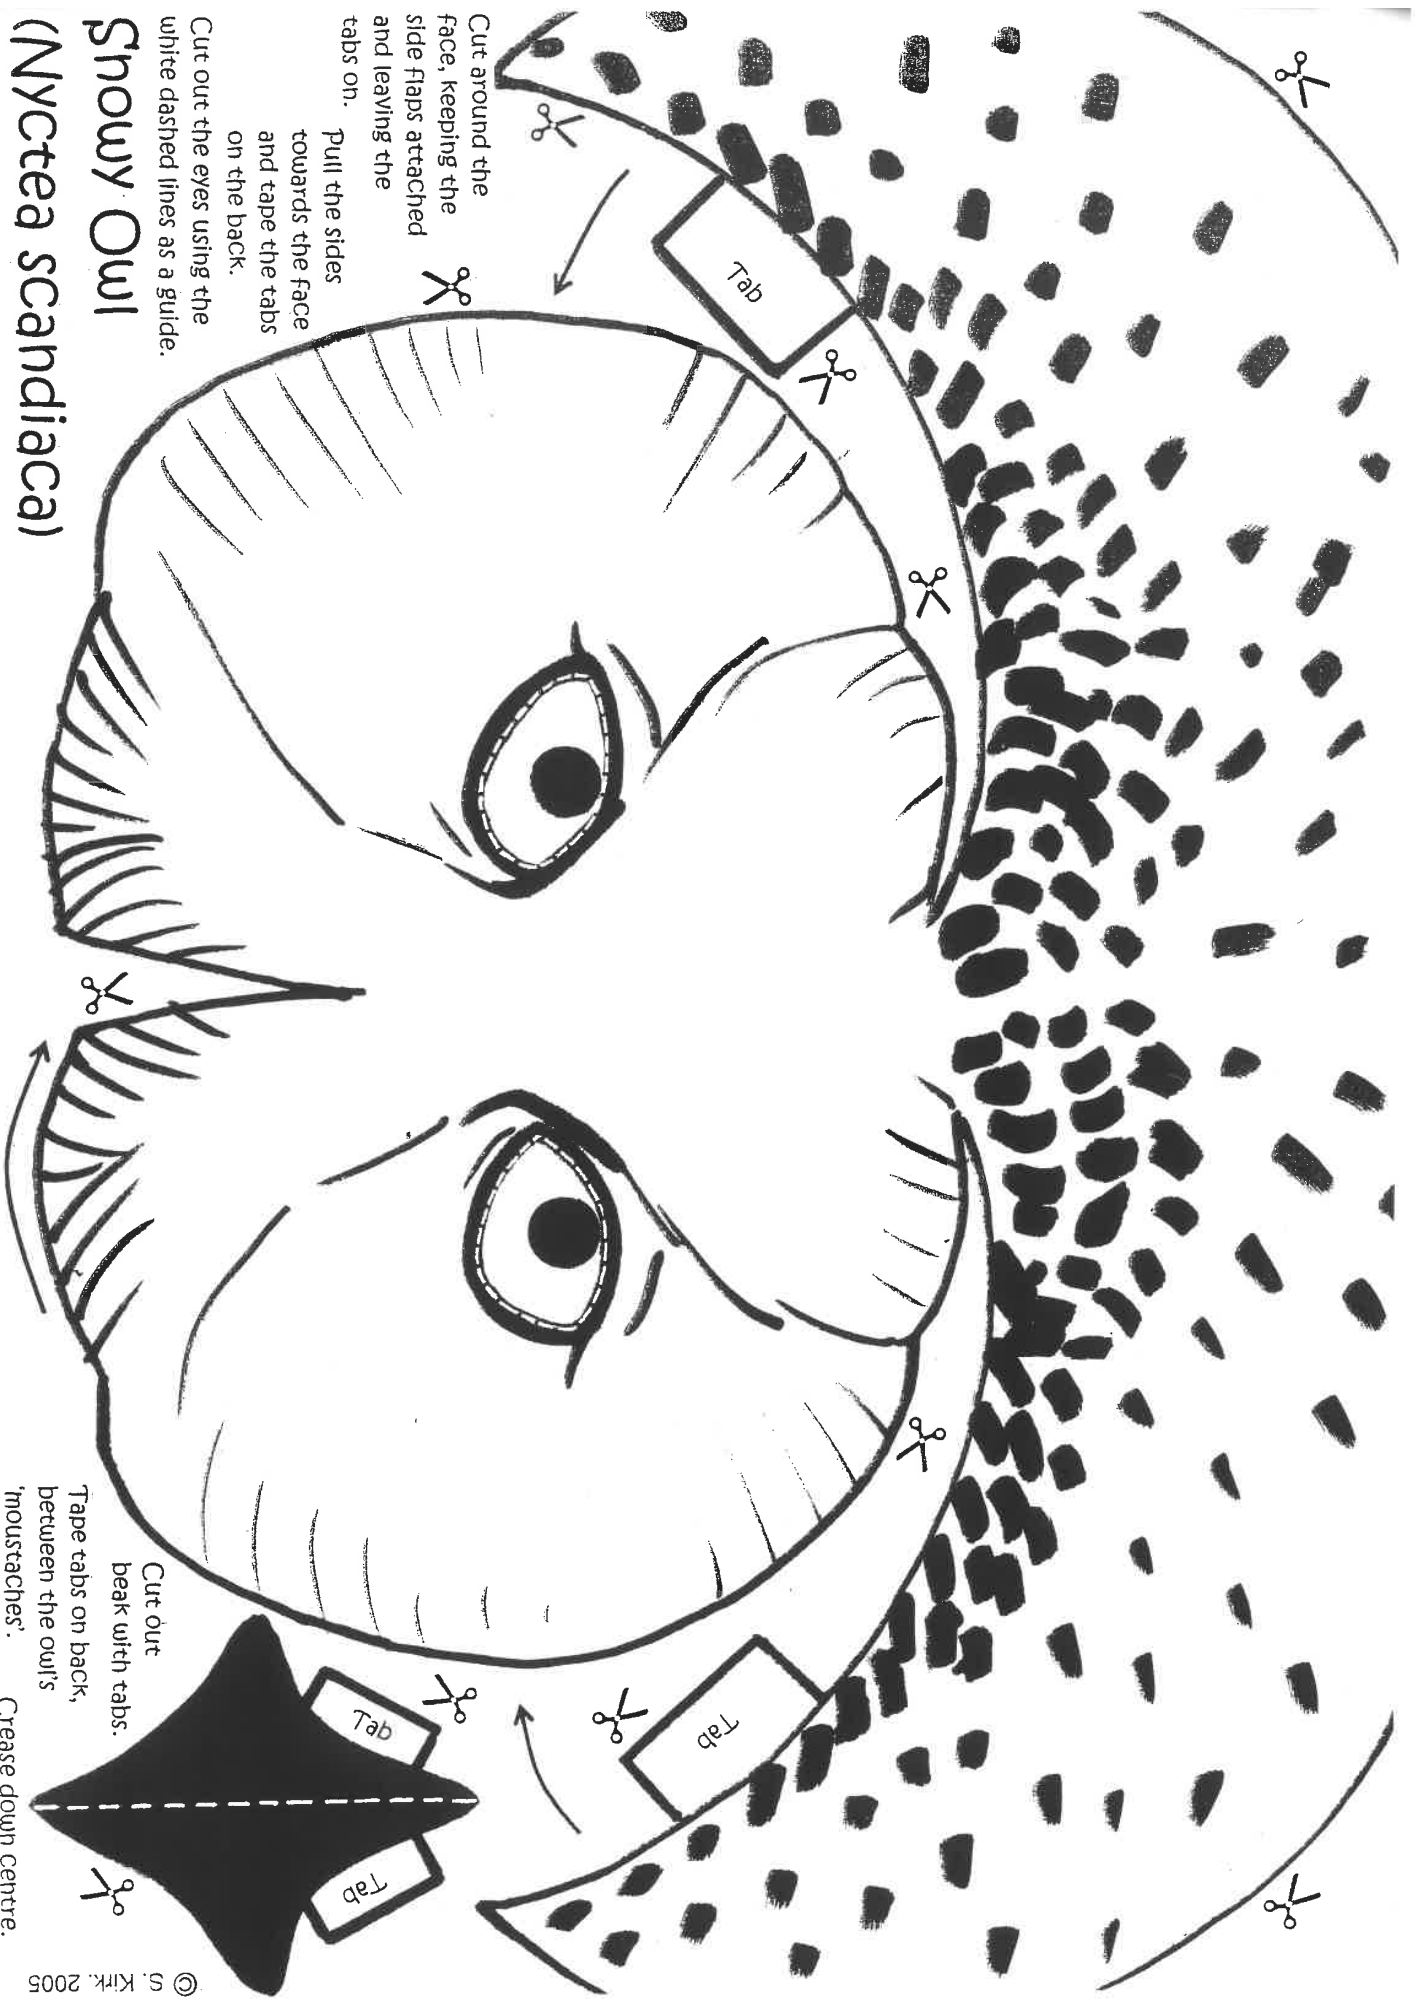

Crease down centre

Cut out beak with tabs. Tape tabs on back between the owl's 'moustaches'.

Cut around the face, keeping the side flaps attached and leaving the tabs on. These will become the top and sides of the head. Pull the sides towards the face and tape the tabs on the back.

Tawny Owl (Strix aluco)

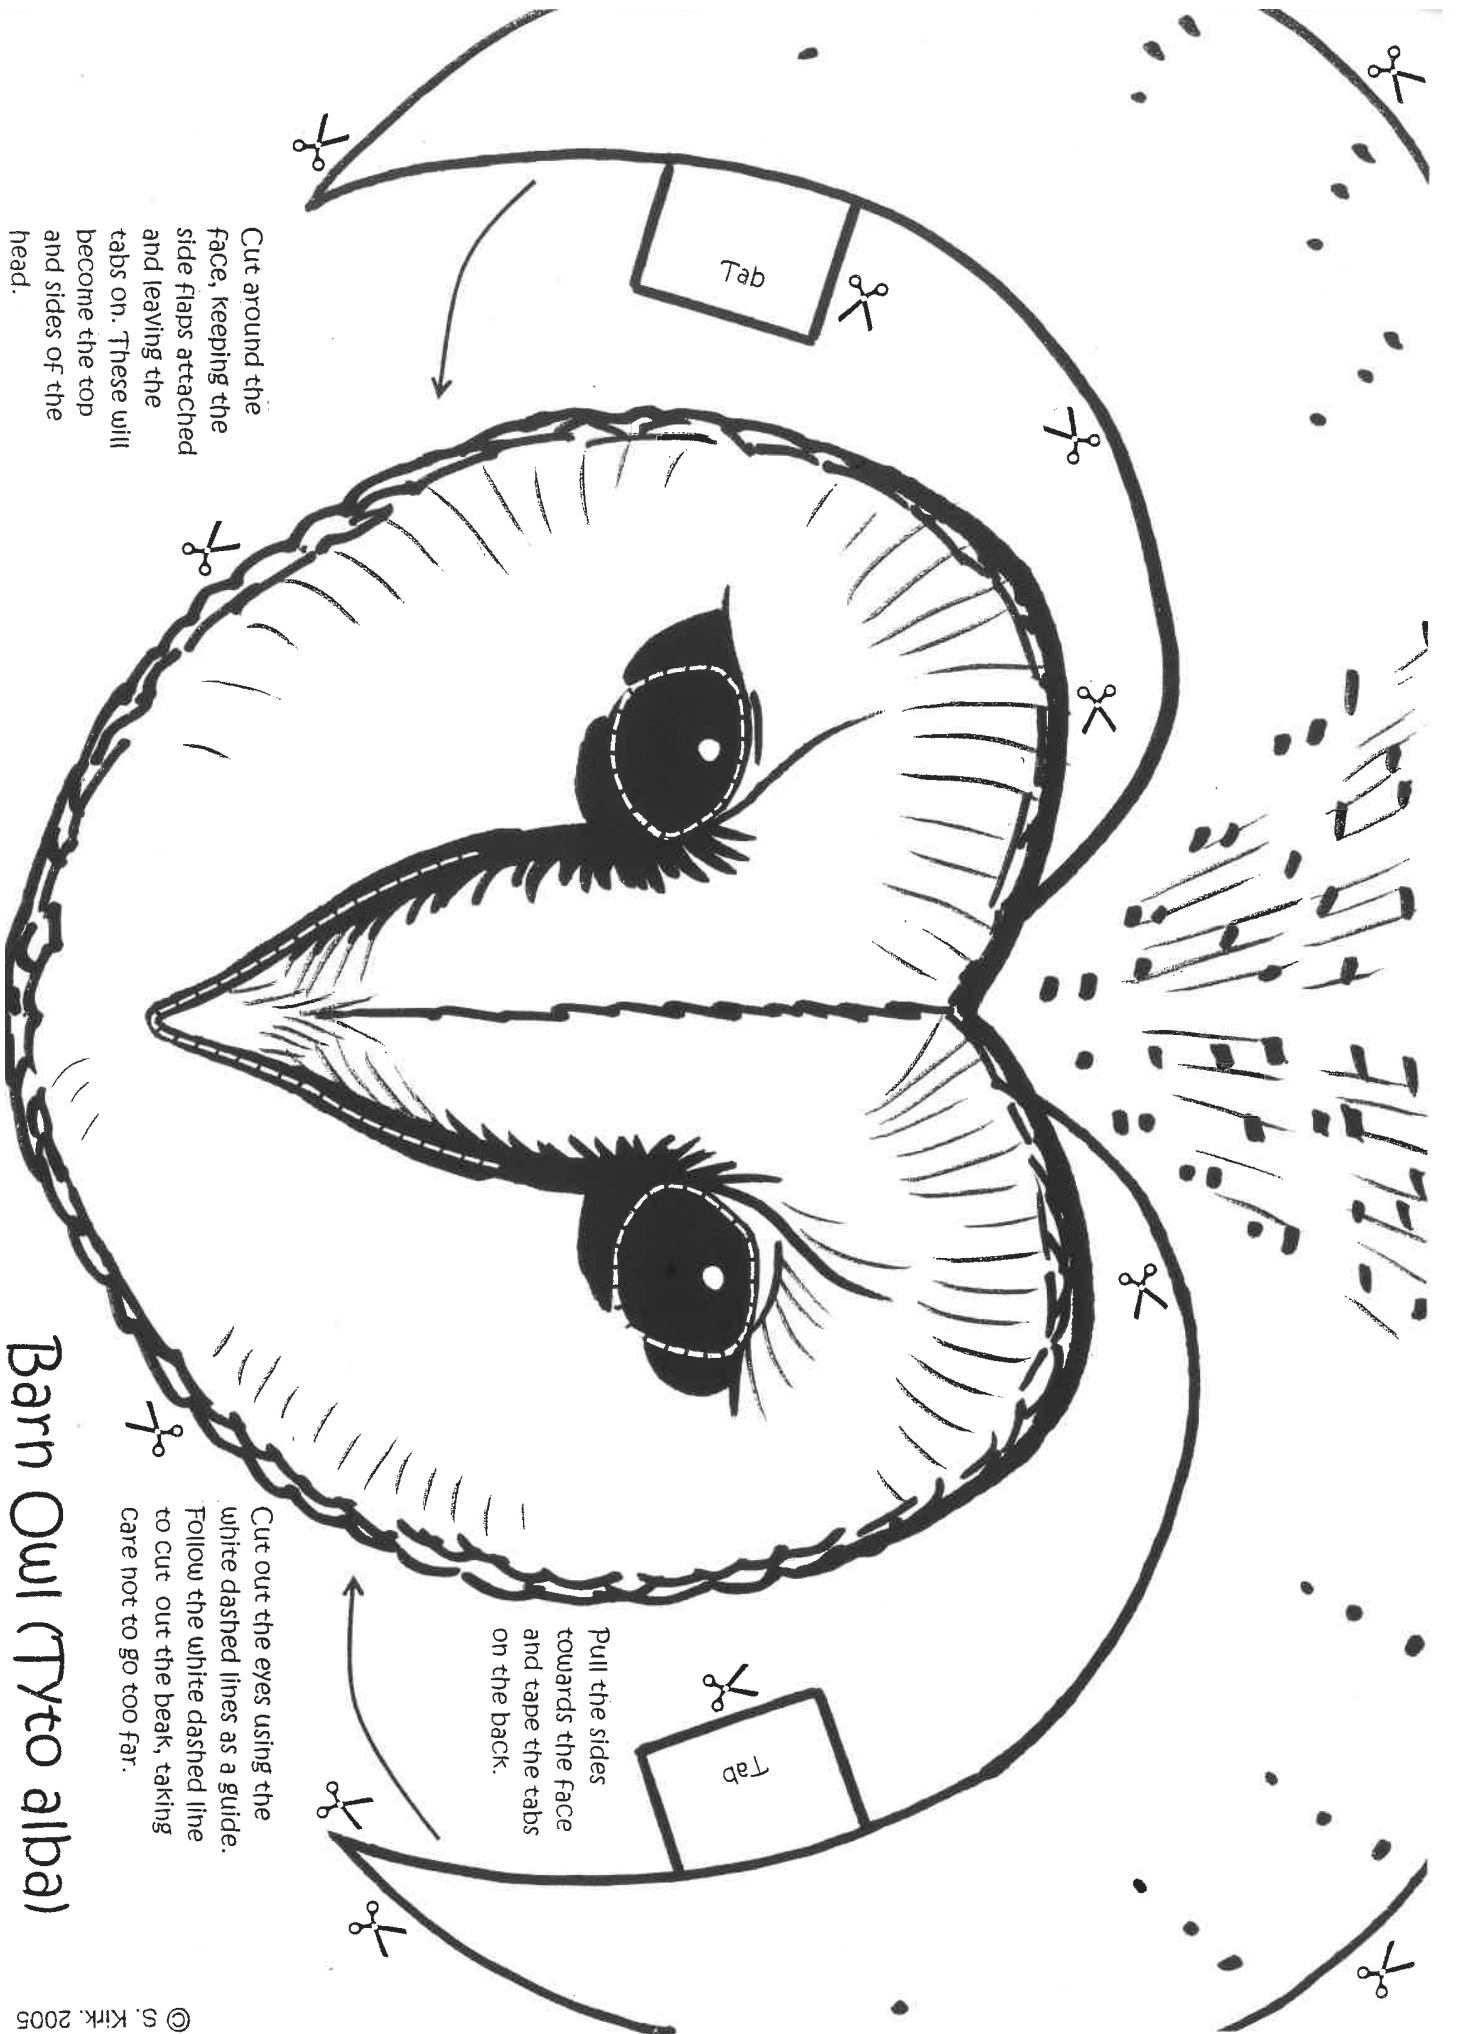

Cut out the eyes using the white dashed lines as a guide.

Snowy Owl

(*Nyctea scandiaca*)

Cut around the face, keeping the side flaps attached and leaving the tabs on. Pull the sides towards the face and tape the tabs on the back.

Cut out beak with tabs. Tape tabs on back, between the owl's 'moustaches'.
Crease down centre.

Cut around the face, keeping the side flaps attached and leaving the tabs on. These will become the top and sides of the head.

Cut out the eyes using the white dashed lines as a guide. Follow the white dashed line to cut out the beak, taking care not to go too far.

Pull the sides towards the face and tape the tabs on the back.

Barn Owl (*Tyto alba*)
