

OUTREACH WORKSHOPS

(SECONDARY)

WORKSHOPS (45min – 1hr)		Curriculum links
<p>Adaptation and Communication: Let's Talk Wolf! Discover how wolves talk to each other and practise speaking wolf yourself! Look at how wolves and humans use posture and body language to express how they feel. A power point presentation is included with this workshop.</p>	SEAL Programme PSHE Anti-Bullying	KS3 PSHE 1c, 3k KS4 PSHE 1c, 3e
<p>Adaptation and Dentition: Skulls, Teeth, Skins & Horns Hands-on team event to test your understanding of mammal adaptation. Handle and examine a range of animal skulls for adaptation and dentition studies – including carnivore, herbivore, omnivore and rodent skulls – plus deer antlers and sheep/goat horns.</p>	Environment & feeding relationships Dentition	KS3 5c2 5c
<p>Teeth Which teeth do what jobs and how animals use them. Hands-on activities involving real animal skulls and teeth.</p>	Environment & feeding relationships Dentition	KS3 5c2 5c
<p>Food Chains: Dissecting Owl Pellets Meet a tawny owl, a woodland ambush predator, and find out about its diet by dissecting its regurgitated pellets. Identify its small mammal and bird prey using a key and put together a woodland food chain. Our owl is not available in winter months.</p>	Environment & feeding relationships	KS3 5c2 5c,e
<p>Variety of Life Meet at first hand some of the fascinating creatures that make up the animal kingdom. NB. Reptiles and amphibians are only available April – October. Sorting activities using Wildwood artefacts are possible if the animals are not available.</p>	Variation Classification Ecological relationships	KS3 5c2 4b, 5c
<p>Conservation Presentation Power point presentation detailing the conservation work carried out at Wildwood. Including captive breeding of dormice and water voles. Aimed at A'level students, but could be adapted for younger students if required.</p>	Conservation Ecosystems Biodiversity	

**PLEASE REMEMBER WE WILL ALWAYS ADAPT A WORKSHOP
JUST FOR YOU TO MEET YOUR CURRICULUM NEEDS!**
